FOLDING PIANO 88 SERIES

USER MANUAL

midiplus

Introduction

Thank you for purchasing Folding Piano. This is a folding electronic piano, compact and portable with rich functions. Features 128 voices, 128 rhythms, 30 demo songs and metronome,you can also use Folding Piano as a MIDI input device by connect to the computer. The folding piano is an ideal tool for beginners, music educators and travelling musicians. In order to utilise the many functions of the Folding Piano, please read this manual carefully before use and keep it safe for future reference. This manual refers to both Folding Piano 88 and Folding Piano 88 Air. There is no other difference between the two instruments, apart for the BLE MIDI and the keyboard velocity sensitivity features.

Unfolding and folding instructions

How to unfold your Folding Piano

Important: Lay the piano on a flat surface before unfolding.To prevent damage, do not unfold the Piano on an uneven surface. To get understand better, 4 parts of Folding Piano express in A, B, C, D, and two hinge locks express in E and F below.

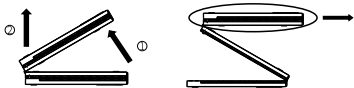

STEP 1:
Place the Folding Piano to the left of your flat playing surface, with the keys facing towards you and the wiring connector on the right side.

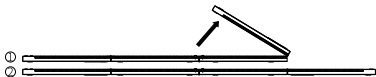

STEP 2:
Lift up parts C and D together, then lift up part B, move them towards the right and lay them flat as shown below.

STEP 3:
Lift up the remaining section (part D), unfold it to the right and lay flat

STEP 4:
After unfolding all sections of the piano, to secure the Folding piano fully, you will need to lock the hinges down in place. Locate the two small white switches on each side of the hinge. Pull both switches outwards at the same time, push the hinge down into place and release the switches.

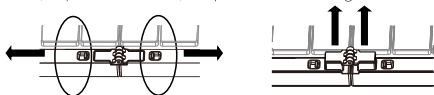

Your piano is now ready for use.

How to fold your Folding Piano

STEP 1:
Before folding the piano, pull the locks on both sides of the hinge outwards at the same time to release it (as pictured below). Repeat for each hinge. .

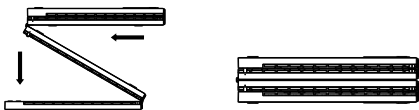

STEP 2:
Extend the two small fold-out supports located between sections B and C. Lift part D and fold on top of part C as shown.

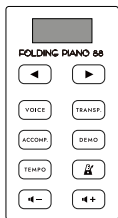

STEP 3:
Lift up parts C and D and fold over to part A. Your piano is now safely folded for transport or storage.

Charging instructions

● The Folding Piano is built-in rechargeable lithium battery, which can provide up to 2.5~3 hours of normal performance when it is fully charged.
● The Folding Piano is powered and charged via the Micro USB port and a suitable 5V connected power supply.
● When the battery power is low,the screen will blink once per second, and will turn off after 3 minutes (unless a power supply is connected).
● Continual use of the Folding Piano while the battery power is low may impair its performance and can decrease the life- span of the battery.Please connect and charge the piano with a suitable power supply immediately.
● While the Folding Piano is charging,three flashing indicators will appear at the bottom of the screen. The three indicators will stop flashing once the piano is fully charged.
● To save power,the Folding Piano will automatically turn off after 30 minutes of no operation.
● Unplug the charging cable when the Folding Piano will not be used for a long period of time or during a thunderstorm.

Warning

In order to avoid possible injury to the user or others when using the product,as well as damage to the Folding Piano or other external equipment.Precautions include but are not limited to:
